Fullstack Systems Engineer (.NET / React) & AI Integrator with 2+ years of experience building scalable enterprise systems. Specialized in microservices architecture, Clean Architecture, and the integration of AI tools and models applied to the pharmaceutical sector. Proven experience in developing commercial platforms that optimize sales processes, automate inventory management, and reduce operational costs.

PROFESSIONAL EXPERIENCE

Distribuidora Droguería Alfaro S.A.C

Lima, Peru

Programmer Analyst

January 2024–August 2026

- Designed and developed the Warria v2.0.0 web platform using .NET 8, ASP.NET, and SQL Server, centralizing order management and regulatory documentation, improving traceability and compliance.
- Contributed to the design and implementation of a unified sales and credit system (Pedidos v1.0.0), integrating multiple stakeholders through REST APIs, reducing processing times by more than 80%.
- Architected and developed a multi-source quotation platform using React and .NET 8, streamlining cross-laboratory price comparisons to accelerate customer response times and boost market competitiveness.
- Developed a stock query microservice based on service-oriented architecture, improving supply accuracy by more than 40% and reducing inventory shortages.

Servicios Postales del Perú S.A.

Lima, Peru

Systems Engineering Intern

September 2023–January 2024

- Identified, documented, and tracked incidents in applications and services, contributing to their resolution.
- Provided technical support to users, ensuring timely and effective assistance in over 80% of cases.
- Managed service requests and coordinated with external vendors to ensure continuity of technological services.

Mariaranda S.A.C.

Lima, Peru

Technical Support Specialist

Mayo 2021–Junio 2023

- Efficiently resolved technical incidents, reducing operational downtime by more than 30%.

EDUCATION

Peruvian University of Applied Sciences (UPC)

Lima, Peru

Bachelor's degree in systems engineering

December 2024

ADDITIONAL SKILLS

- Native Spanish speaker. Intermediate English proficiency.
